RE: Physician's and Surgeon's Certificate No. A 76214  
Case No. 08-2011-219241

**Public Letter of Reprimand**

An investigation by the Medical Board of California revealed that you failed to keep adequate and accurate medical records by not documenting the history and physical findings of the patient, not documenting a complete treatment plan, and not documenting dosage and directions for sample medications provided to the patient. In addition, it was found that you provided negligent care to the diabetic patient.

These actions constitute a violation of Business and Professions Code Sections 2266-failure to maintain adequate and accurate medical records and 2234(c)-repeated negligent acts.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
